To Whom It May Concern:

I have known Reverend Debbie Marks for over 30 years both personally and professionally. She is an impressive woman with high integrity and strong work ethics who has a vast knowledge base that she is willing to share with anyone. Teaching comes naturally for Deb.

Debbie's compassion has no bounds, I have personally seen her change the lives of animals and people. She is held in high regard by all her friends and some of us make life decisions based on what we believe Deb would do in the situation.

I admire her for all she has done. I admire her for all she has yet to do because I know when Debbie sets a goal it will be accomplished. I am proud to call her friend.

Regards,

Sheri Reneau
